

## Alexander & Baldwin Sugar Museum Research and Reproduction Fees

### RESEARCH AND REPRODUCTION FEES

There are fees associated with the use of the collection. Fees collected for research help underwrite the high cost of maintaining and caring for the collection. All researchers pay regular Museum admission before accessing the collection. If you require Museum staff assistance beyond the first 15 minutes of your research, a \$60 per hour fee will be charged with a one hour minimum. Please allow 5-7 days for delivery of reproduction requests after payment is received.

### REPRODUCTION SERVICES AND FEES

All reproduction is subject to the condition of materials and any donor or copyright restrictions.
